

24th November 2020

Dear Alfie

Thank you for your lovely letter.

I am sure you have fun on your bike. It is good to play out in the open air. It has been hard in lockdown to stay inside. If you have two sisters and a brother, you must have some people to play with. Hope to have been playing games together.

I am sure you enjoy playing on your Xbox. When I was a 11, we did not have computers or games consoles. We did have TV, but only 2 channels. We just had ludo, monopoly, and card games. I liked playing Five Stones. Do you know what they are?

Hope you are working hard at school. I am sure you will get a good job.

Have fun and be good!

Gaynor
