

25th November 2020

Dear Freddie

Thank you for your lovely letter. If you are in Year 6 you must be in the top class in the school!

Playing football is fun. I expect you have not been able to play with your team during this lockdown, but I hope you can play in the park.

We didn't have computers when I was 10 years old! It would have felt like magic to be able to play games with friends on a computer.

It is great you want to be a scientist. It is scientists who have discovered the vaccine for the Corona Virus. You may be someone who discovers something to help the world.

Good luck and work hard at school.

Gaynor
